Dear Sir,

The Department of Pathology and Laboratories is upgrading and expanding its services in laboratory testing to better serve our clients. We would like to inform you that our EREID- Sub-national Molecular Biology Laboratory has open a new molecular detection testing.

The new molecular syndromic testing panels is highly technical and advanced, we propose it to be under Specialized Test and Non-Socialized test and will be accessible in the HIS/ LIS system of our hospital.

The service code of the test: - MST -

1. Molecular Syndromic testing panel: (BioFire-FilmArray)

- a. Pneumonia panel
- b. Gastrointestinal panel
- c. Meningitis/ Encephalitis panel
- d. Blood Culture Identification Panel
