OFFICE MEMORANDUM NO. 0021_s. 2019

TO : ALL UNITS

SUBJECT : System Downtime including Internet and Communication

There will be a 2-hour System Interruption today, starting 6:30pm up to 8:30pm due to Server Chassis Power Cycle. This is to repair the physical server to make it operational. The following systems will be affected: LIS, PACS, HIS, WRIS, ENGAS, Data Archiving, Paging and Telephone System and Internet Access. Hope that the operation will resume earlier on the said time estimates. Sorry for the inconvenience. You may reach IHOMP through Group Chat or mobile phones since the SPMC phones are not available during this period.
